Mukambi

Welcome to the Mukambi Safari Lodge, gateway to the Kafue National Park and the beautiful Kafue River. Surrounded by one of the largest unspoilt wilderness areas in the world, Mukambi is right on the banks of the Kafue River, at one with each other. From the lodge we will show you the Kafue National Park. Vast areas of untouched nature, unspoiled by mass tourism, makes this part of Africa the 'Real Africa', the Africa you have dreamt of, the Africa you have longed for and the Africa that is easily within your reach.

The Kafue National Park has 22,500 square kilometres to explore, roughly the size of Switzerland. An easy casual atmosphere with the flexibility of what a small lodge can offer makes the days varied and exciting. Game drives, boat and fishing trips along with walking safaris, where you are likely to see elephant, lion, leopard, impala, hippo and puku and an incredible variety of birds. Knowing what comforts await you back at the lodge, make this a truly great experience. Ten luxury chalets with en-suite bathrooms, a family unit and five thatched safari tents all overlooking the river, and all positioned to ensure your privacy.

Our viewing decks overlooking the river, and the swimming pool area let you settle back and relax and be looked after in the true tradition of the friendly people of Zambia. Come and enjoy Africa. And the place to do it from is Zambia. And the place in Zambia is the Mukambi Safari Lodge.
