

Nobis Hotel

## Nobis Hotel — center stage in Stockholm

Located on Norrmalmstorg, the most attractive square in downtown Stockholm, Nobis Hotel is an independent 201 room contemporary luxury hotel that opened in December 2010.

Housed in two magnificent 19th century buildings in the business and shopping district, our concept of luxury is not about flashiness or unnecessary gimmicks. We believe our mission is to provide our guests with a home away from home: a place where they can enjoy business or leisure time with the maximum comfort, ease and efficiency in an atmosphere of warmth and informal elegance. The contemporary interiors, designed by celebrated Swedish architectural office and design studio Claesson Koivisto Rune, contrast with the buildings' original late-19th century architecture.

Another important element in our definition of luxury is a strong sense of responsibility and ethical and environmental concern in everything we do.

Much of the soul of Nobis Hotel is comprised of our public space, which cover more than 800 square meters of public areas. This includes our restaurants and bars, the lobby and a spectacular lounge with a 28-meter ceiling. In this inviting and exciting social scene, guests from all around the world mingle with Stockholmers around the clock and throughout the year. When staying at Nobis Hotel, you are always center stage in our great Royal Capital.

Nobis Hotel is a member of the Nobis Group, one of Scandinavia's leading operators of premium hotels and restaurants, with a tradition of hospitality in Stockholm dating back to the 1600s. Within a few minutes walking distance from our hotel is the Opera House, where we offer extensive and spectacular facilities for dinners, banquets and conferences for larger groups.

Welcome to Stockholm and to Nobis Hotel!
