Inspiring a Lifetime of Rare Experiences

At Soneva, our creativity is driven by our guiding principle of 'Intelligent Luxury', which is about understanding what true luxury is for our guests; many of whom spend most of their time in urban environments. It is about understanding the daily lives of our guests and offering them experiences that are both 'new' - in that they are rare, unusual and exceptional, but at the same time 'true' in that they are highly desired and cherished.

With our team, we continue to question and challenge what is rare, and hence a real luxury. We have curated the following rare and authentic experiences to help create precious, life-enriching stories and memories.

WATER

Sobah's Dinner & Cruise

Named after Chef Sobah, the 'Best Chef in the Maldives' award winner, Sobah's is a traditional Maldivian restaurant located on an uninhabited island only 15 minutes away by speedboat from Soneva Fushi. Chef Sobah has been with Soneva for many years, and after consistently winning local and international culinary awards, we gave him his own restaurant, which opens twice per week.

The cuisine is Maldivian using recipes that have been passed down from generation to generation, and the food is prepared using traditional cooking methods. The ingredients are sourced from what Sobah buys fresh from the fishermen each morning or what he scavenges from the island of Mendhoo itself. After dinner, learn about the starry night sky from our resident astronomer, while enjoying some of our finest digestives.

Duration: 2-3 hours

Freediving at Soneva Fushi

Freediving is the exhilarating practice of discovering the underwater world using only a single breath. You will learn our finning technique – how to propel through the ocean, increase your breath hold capacity, the ability to both relax and focus, equalisation and of course safety, which is paramount.

Duration & Price: Available on request

Snorkel with Manta Rays

Join us as we search for the enigmatic, graceful, inquisitive and charismatic manta rays in the waters of the Baa Atoll. If the conditions are right, we will go to Hanifaru Bay, located only 20 minutes by speedboat from Soneva Fushi, which has one of the world's largest populations of manta rays. When time and tide align, fortunate snorkellers get to observe and capture a rolling, whirling feast where it may be possible to see hundreds of these large yet harmless creatures congregate to gorge themselves in the plankton-rich waters. There are several other locations close to Soneva Fushi where manta sightings are common, so the exact itinerary of the trip may vary to maximize the chance of seeing these magnificent creatures. If mantas cannot be seen on the trip, the Marine Biologist will lead an underwater discovery tour to showcase the stunning marine life in the Baa Atoll.
*Manta sightings are frequent but not guaranteed.
